

**AIRCHARGE WIRELESS PAYMENT SOLUTION**

**ACCEPT A CARD. ANYWHERE.**

Now you can accept credit cards for sales and services in the field. And perform check guarantee and conversion on the spot. On your Nextel phone. With Aircharge, or AirCheckz – the most affordable, trusted and compatible wireless payment solution on the market today.

**WIRELESS CREDIT CARD PAYMENT MADE EASY.**

- > **Works with all Nextel phones.** AirCharge solution works on Nextel Java™-enabled phones.
- > **Keep your current merchant bank.** AirCharge is compatible with multiple front-end processors.
- > **Reduce merchant fees, chargeback losses and fraud.** Receive your transaction approval response on the spot. Know if a card is declined when performing the charge.
- > **Increase total and average sales.** Customers tend to spend more when paying by credit card.
- > **Improve cash flow.** No need to wait to process your charge slip. Transactions processed at the point-of-sale. Automated batch settlement ensures transactions for the day are closed out with the processor.
- > **Save time and cut down on errors.** Simplified amount entry screens improve point-of-sale efficiency. Accurate data capture reduces back-office manual processing. Perform transactions anytime without contacting someone at the office.

**MAKE SURE THEIR CHECK IS GOOD.**

AirCheckz, the first wireless electronic check processing, is free with the AirCharge solution. Customers' business or personal checks can be verified and guaranteed in the field. Paper-to-electronic conversion for personal checks – first in the market – guarantees deposit to your account within 48 hours.

**CREATE THE PAYMENT SOLUTION THAT FITS YOUR NEEDS.**

- > **Choose from the widest selection of products.\*** Swipe card reader, swipe card reader/printer, integrated card and check reader.
- > **Customize features to your business.** Configure each device based on your needs. Authorizations only, entry of tips and other amounts, reprints, duplicate printing, refund capability and more.
- > **Exchange equipment between different phones.** Easily connected cables mean no messing with covers. Swipe and printer units use no phone power. Compatible with most Java-capable Nextel phones.\*\*

**FOR MORE INFORMATION, CONTACT YOUR NEXTEL REPRESENTATIVE OR VISIT NEXTEL.COM.**

**PRICED FOR MAXIMUM COST-EFFECTIVENESS AND RETURN.**
